

MAHABOOB ALI SHAIK

Aspiring Software Engineer | Java | Python | Full-Stack Development

Ongole, Andhra Pradesh, India | +91 8500951212 | mahaboobali12129@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in software development using Java, Python, JavaScript, React, Node.js, SQL, and REST APIs. Experienced in developing full-stack web applications, implementing authentication, integrating APIs, and working with databases. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, DBMS, and problem-solving. Seeking a Software Engineer internship to apply programming and software development skills to build scalable and reliable applications.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, SQL

Frontend: React, HTML5, CSS3

Backend: Node.js, REST APIs

Databases: MySQL, MongoDB, DBMS

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming (OOP), Operating Systems, Computer Networks

Cloud & Security: AWS, Zero Trust Security, Networking Fundamentals

Developer Tools: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

Travel Planner — Full-Stack Web Application | React, Node.js, REST API

GitHub: [Link](#)

- Developed a full-stack travel planning web application using **React, Node.js, and REST APIs** with secure user authentication.
- Built **trip planning, hotel booking, and personalized recommendation** modules using API integration.
- Integrated **3+ REST APIs** to fetch travel destinations, and personalized recommendations in real time.
- Designed reusable frontend components and scalable backend services to improve application maintainability.

Customer Churn Prediction System | Python, Pandas, Scikit-learn

GitHub: [Link](#)

- Developed a machine learning application to predict customer churn using a dataset containing **7,000+ customer records**.
- Implemented data preprocessing, missing-value handling, categorical encoding, and feature scaling using Python and Pandas.
- Built and evaluated a supervised classification model using Scikit-learn to identify customers at risk of churn
- Identified key churn factors including contract type, tenure, monthly charges, and payment method.

EXPERIENCE

Smart Bridge Internship — Sustainable Smart City

- Developed a Python-based weather forecasting application to predict temperature, humidity, and rainfall.
- Collected, cleaned, and analyzed datasets from **multiple weather parameters** to prepare data for prediction.
- Collaborated with a small project team to develop, test, and present the application during the internship.

Smart Bridge Internship — Subscription Waste Detector

- Developed a Subscription Waste Detector application to identify **unused and duplicate subscriptions**.
- Designed and implemented application logic to analyze subscription usage patterns and flag unnecessary services.

Zero Trust Cloud Security & Networking Virtual Internships | Zscaler

- Gained hands-on understanding of networking fundamentals, network traffic flow, and secure connectivity.
- Gained hands-on exposure to authentication, secure access, cloud connectivity, and network security concepts.

EDUCATION

B. Tech in Computer Science Engineering

Expected 2027

Rajeev Gandhi Memorial College of Engineering & Technology (RGM CET) | CGPA: 8.4/10

Intermediate (MPC)

93.5%

Hyderabad Institute of Excellence, Vikarabad

Secondary School (SSC)

100%

Narayana E-Techno high school, Kandukur

CERTIFICATIONS

- AWS Certified Cloud Practitioner | Amazon Web Services (AWS) | Issued: Mar 2025 | Valid Until: Mar 2028 | [\[Certificate\]](#)
- MongoDB Associate Developer Certification | MongoDB | Issued: 2025 | [\[Certificate\]](#)
- Salesforce Certified Agent force Specialist
- Project Management Foundations — LinkedIn Learning

LEADERSHIP & ACTIVITIES

- Participated in hackathons, coding events, and technical workshops, developing software solutions and collaborating on technical projects.
- Core strengths: Problem Solving, Analytical Thinking, Team Collaboration, Communication, and Time Management.
- Languages: English, Telugu, Hindi.
